Quantum University, Roorkee Research Initiatives

Research and consultancy are a priority area for the university. The campus subscribes to the Shodhganga, SodhSindhu, Delnet and Other Open access through Quantum Learning Resource Center (QLRC), database providing access to thousands of journals in different disciplines for full text research articles and sector specific reports. The university is committed to forging tie-ups and collaborations with national and international institutions for teaching, research and exchange of faculty and students to enhance its research profile and standards.

Students and faculty members are encouraged to contribute towards research and participate in national and international conferences and seminars. The faculty members publish quality research papers which go a long way in contributing towards the promotion of research in varied disciplines.

The university offers Ph.D. program in **Engineering, Management, Bio Sciences (Nutrition & Dietetics)** which is likely to be extended to other areas of study as well.

Quantum University encourages professionals working in corporate and government institutions to undertake research studies. The university ordinance governing the Ph.D. Program is in consonance with the latest guidelines of the UGC that include;

Screening through Quantum University Research Aptitude Test (QRAT):

1. Screening through Quantum University research aptitude test (**QRAT**)
2. Course Work
3. Submission of synopsis and its presentation before the research committee
4. Publication of minimum two research papers in peer reviewed journals from the research work
5. Pre-submission presentation
6. Oral Defense after receiving positive report from external examiners
